Dear Mr. Wagenpfeil,

Delta has been our localisation partner for many years.
The co-operation has not only been characterised by a professional attitude but also by pro-active solution directed thinking, which is a crucial prerequisite to making progress.
Willingness to actively participate in problem solving plus excellent communication and feedback have made Delta one of our most important localisation partners.

If Delta at least holds on to this performance, Delta will be considered for a preferred supplier-ship at the end of this year.

Kind regards,

drs. M. van de Vall
